Paul R. LePage
GOVERNOR

September 19, 2016

Greetings!

I would like to recognize the important work of the Maine Association of Site Evaluators (MASE), our wastewater professionals and regulators in Maine.

Over 50% of Maine homes and businesses have an individual subsurface wastewater disposal system. MASE is educating Maine homeowners and businesses of the importance and benefit of a properly designed, installed, operated and maintained septic system in an effort to ensure public health and the health of our environment.

I appreciate the exceptional work of the Maine Association of Site Evaluators, and wish them continued success with this important work.

Sincerely,

A handwritten signature in cursive script that reads 'Paul R. LePage'.

Paul R. LePage
Governor of Maine
